FORMFUL SARATOGA RACING

BELMONT'S FERNROCK OVERTAKES STARTLING AND WINS IN THE LAST STRIDE.

Grumpy at Last Takes a Race and Defeats Montresor—Lahore Continues His Consistent Racing and Scores Again—Horsemen Departing.

Saratoga, N. Y., August 27.—Pleasant weather of the autumn variety, an excellent program of races attended by formful results and a big attendance, marked today's racing. August Belmont's Fernrock again showed his gameness by winning the second race, a handicap for two-year-olds and five and a half furlongs. Starting well to the front and set a fast pace, with the Belmont racer in pursuit. In the stretch, Fernrock, after having gone through on the inside, finally wore the leader down right at the finish to win by a short margin.

Grumpy, which had been racing well in high weight handicaps, seemed to be up against some formidable opposition in the fourth, but he won over as speedy a horse as Montresor in much the same manner as did Fernrock. Sam McFeekin was installed favorite, but third was as close as he could get. Montresor went into an early lead and set a fast pace down the backstretch, but Grumpy hung on gamely and made a challenge inside the eighth post which Montresor was unable to withstand. Montresor seemed to stumble slightly about fifty yards from the finish, but the mishap was not of enough importance to have affected the result.

A selling race at one mile attracted an unusually good field of platters, with Wanda Pitzer ruling a well-backed choice. Her chances were not helped when Ambrose raced along with her to the far turn, where she took the lead. Her advantage was of brief duration, as Lahore steadily improving his position, came along and drew away into an easy lead, which he increased to the end. Huntress only had to carry the lead to defeat the horses she was asked to meet in the opening. Borrow, quoted at odds-on, scored a cantering victory in the fifth after racing past the tiring Dartworth on the far turn.

J. L. Paul's Lahore seems to be in better form just now than for some time, his victory today being the fifth out of his seven starts at this meeting. He has scored over both fast and slow tracks and seems to improve with each victory.

The Belmont racers in charge of trainer S. C. Hildreth have given a good account of themselves lately, having won four races in the past three days.

J. W. Hildreth claimed Mars Cassidy for \$1,460 from J. W. Schorr out of the third race, in which he was represented by Napier. Mars Cassidy seemed to be sore before and after the race.

The stable of John Sanford will be sent to Maryland at the conclusion of the Belmont Park meeting. This is the first time that a campaign has been arranged for any of the Sanford-owned horses outside of New York state, their activities heretofore having always been confined to this state.

Primero, T. C. McDowell's Futurity candidate, will be sent to Belmont Park for this race, while the remainder of the McDowell horses will go to Kentucky.

The stable of Gifford A. Cochran will be retired after the conclusion of racing at Belmont Park. The stable embraces the large number of forty-one yearlings and two-year-old William Midgeley will devote his time this fall to breaking them and will, perhaps, take eighteen to New Orleans for winter racing at that place.

Sioux and Dakota fell during the running of the first race, the mishap occurring on the stretch turn. Fortunately, neither of the jockeys involved, Mink and McAtee, was injured.

The three days intervening between the close of racing here and the opening at Belmont Park, will afford horsemen ample time to make the journey and get located. A big shipment will be made to Belmont Park tomorrow night and on Sunday another large shipment will follow.

W. C. Daly won his first race this year when Nolli accounted for the sixth. It was the first time his colors have been seen in front since the Laurel meeting last fall.

Jockey F. Herbert leaves for Ottawa tomorrow night and will ride out the remainder of the Canadian circuit as a free lance.

MORE RACE MEETINGS FOR GERMANY.

The latest issue of "Deutscher Sport" contains confirmation of the statement of the vice-president of the Union Club (Berlin), that more racing at Hoppegarten would be arranged for. The programs have now been framed for four days' racing in August and two in September. These are in addition to the Cologne Racing Society's meeting at Hoppegarten on September 5, on which day some of the best horses in Germany will, it is expected, be in opposition in the Prize of Donauchingen. Mr. Haniel has expressed his intention of running both Pontresina and Langward (the first and second in the German Derby). Other likely runners are Amphora (winner of the German Oaks), Masher (winner of the Hamburg Grand Prize), and the Gradiatz Stud's filly, Della II.

SOME FEATURES OF THE ANCESTRAL LINES OF A FAST AND CONSISTENT RACE MARE

By DR. M. M. LEACH

Star Jasmine, which scored such a meritorious win in the Champlain Handicap at Saratoga when carrying the popular colors of Maj. T. C. McDowell, must be acclaimed as perhaps the best mare, outside of Regret, now racing in North America. At all events Star Jasmine, for her looks is one of the best pieces of horseflesh I have ever laid eyes on, honest as the day is long, and apparently gets better as she grows older, and now seems to be developing fine staying powers. But few trainers, I imagine, would have had the temerity to oppose such as Roamer, Strombold and Gainer. Star Jasmine's owner, however, much to his credit, is ever willing to take a chance and is not to be put off by the supposed superiority of others. I wish there were a few more like him, then handicappers would find less difficulty in marking their handicap sticks.

It's quite a spell since the days when Imp was carrying all before her on the Metropolitan courses and Regret was, prior to this year, the last really genuine race mare to carry silk in this country. Only last spring Peter Wimmer, who now has charge of Senator Camden's horses, called my attention to the now-a-days scarcity of high-class racing mares. What has become of the Yo Tambiens, Maid Marlians, Reckons, Sencritas, Modestys, Firenze, Miss Woodfords and the like? For some time past they have simply failed to exist, but this year has brought about something of a change and we now have in Star Jasmine and Regret a couple of mares which seem capable of holding their own with the best of the opposite sex.

Some years back France produced two crack fillies in Clyde and La Camargo, but of late the colts have had it all their own way in La Belle France. Australia some ten years ago was in the fore with Wakeful, but no mare since Wakeful's day has shown anything like first-class form in the land of the southern cross. In England La Fleche, Sceptre and Pretty Polly came along pretty close together. Flair may or may not have been a topper, her early breakdown preventing any definite opinion being formed as to her capabilities, but by no stretch of imagination can I be induced to regard Tagalle, the heroine of the 1912 Derby, as anything like first-class, and Signoretta, which, aided by her superior condition, managed to carry off both the Derby and Oaks, is tarred by the same brush, and this dearth of good fillies I do not profess to understand. It is something no fellow can find out.

As a general thing fillies and mares which have been hard run fail as producers, Beeswing, Alice Haworth and Forget notwithstanding. Forget is, of course, the dam of Borrow, of that fine topper Hylas, of Dreamer, Diana Ken, etc., and is by Exile, Mortemore's best American son, and it is a pity that Borrow is a gelding. From the dam's side he is clean bred all the way through, bar the Kentucky cross, and trace to Lady Lumley, ancestors of Sir Huon. Borrow, besides his notable success this season, won the Middle Park Plate in England and would surely have been useful as a stallion and perhaps have saved the day for the house of Hanover. But, to get back to the ladies, neither Sceptre nor Pretty Polly have as yet produced anything of note. Imp, Firenze, Miss Woodford and Senorita were comparative failures as broodmares. Reckon did better than any of them, but mares which have gone through a severe course of training seldom meet with much success in the paddock.

Ogden, Star Jasmine's sire, is a Matchem in tail male and a most worthy representative of the line of Solon. This line to Solon, unlike that of Barcadine, has practically played itself out in England. Kilcock, son of Kilwarlin, was a most beautiful horse and an extremely fast one besides, but Kilcock was not a stud success. Ogden, however, since his location in Kentucky, has gone ahead in no uncertain manner and in Sir Martin sired one of quite the first class and for a number of seasons past Ogden has stood high up in the list of winning sires. Amo Dominii will not be denied, however, and this season finds Ogden with only one two-year-old winner, Wayfarer, to his credit. Ogden, though of Matchem descent, is overwhelmingly Eclipse and boasts only six crosses of Herod in his first thirty-two quarterings. Small wonder then that he scores his best success on mares of Herod descent or mares which show the Herod grandam. Star Jasmine is the daughter of Hanover's sire, Hindoo. Moreover, it is the foot of Star Jasmine's pedigree there is to be found a regular gamut of Herod blood which comes in by way of Lexington (twice), Vandal (twice), Wanderer and Glencoe's daughter, Eagless.

Star Cat, Star Jasmine's dam, is an eleven-year-old chestnut daughter of Star Shoot. The Star Shoot coloring, however, has not been handed on to Mr. McDowell's mare, the Ogden brown having in this case proved the most potent factor. What a loss to Mr. McDowell and the turf generally would have been Star Jasmine's retirement from the turf last year following the accident she sustained at the Lexington meeting. At the time it was thought the mare would be incapacitated from further racing. Happily no permanent injury was done and Star Jasmine, I take it, is now better than ever she was in her life and a continuance of success will be gratifying to us all.

at Hoppegarten on July 1 was only 250 sovereigns. Two youngsters were sold at that figure, the one a brown filly by St. Almant—Matagot, and the other a chestnut colt by Gulliver—Alabama. Matagot was bought by Herr E. Skowkow, covered by Regnale, for 155 guineas at a sale of horses and mares from Mr. J. Buchanan's string in December, 1912. Gulliver, the sire of the other yearling mentioned, used formerly to belong to Mr. J. afterwards Sir C. D. Rose. He was one of the brilliant band of horses produced by Distant Shore. This was a really wonderful matron, and among her sons in addition to Gulliver (which was by Galliard) were Van Dieman's Land, St. Damien and St. Hilaire. The last-named pair followed Gulliver to France, where all three made a big success at the stud. Among the daughters of Distant Shore was Arcadia, which became famous as the dam of Cylene, London Sportsman of August 1910.

THE CESAREWITCH AND CAMBRIDGESHIRE.

Although numerically inferior to last year and 1913, the entries for the Cesarewitch and Cambridgeshire are nevertheless excellent, eighty-seven horses having been nominated for the long-distance handicaps and twenty-four for the two-mile race in the Houghton week. In point of class, however, the entries for each race, taken as a whole, compare favorably with those in many previous years. A glance at the Cesarewitch shows that Pommern and Snow Marten, the winners of this year's Derby and Oaks, have been entered, as have also the Irish Derby winner, Ballaghlobin, and his narrowly defeated rival, Acholt. There are plenty of good stayers in the race among the older horses, inclusive of the winners of the last three years, Troubadour, Fiz Yama and Warlingham. Last year's runner-up, Green Falcon, is likewise engaged. French owners are responsible for a half dozen candidates in Botticelli, Khedive III, Trinqueuse, Le Lapin, Lello V. and Francinet, and among the remaining horses are two steeplechasers, Lord Marcus and Eugenist, both winners of the Lancashire Steeplechase. A notable absentee is Black Jester. Last season's Leger winner, however, is in the Cambridgeshire, in which this year's classic form is represented by Pommern, Ballaghlobin and the billion-guinea Silver Fox, and eight (the first three in the One Thousand). Other good three-year-olds engaged are The Vizier and Sunfire, while the first four a year ago, Honeywood, Ambassador, Diademus and Cheerful, can again be concluded. French horses engaged are nine: Paris, Botticelli, Solitaire, Khedive III, Dazzler, Pantagruel, Le Corsaire, Rabbit and Frizzell II, and Belgium can come into the fray with Lady Chariman, which, however, is an English-bred filly. London Sportsman.

VALUABLE RACES WON IN ARGENTINA.

D. Torterolo, the South American jockey, who used to ride in England at and after the time when Gomez distinguished himself by winning two "ten thousand pounds" for Mr. Buchanan on Epsom Lad, has recently won a big "classic" in the Argentine. The race was a mile affair, the Premio Saavedra, worth over \$25,000 to the winner, with substantial sums for the second and third horses. The winner was the Indecis Stud's Occurrence, by M. E. Blame's former horse, Val d'Or. Another stallion responsible for the winners of two rather less valuable races recently is Greenan. That racing in the Argentine is in a most flourishing condition is evident from the amount of stake money

GENERAL NEWS NOTES OF THE DAY.

Mrs. Frances Warren Pershing, wife of Brig. Gen. John J. Pershing, U. S. A., and three of her four children were suffocated to death in their quarters at the Presidio of San Francisco yesterday. Their bodies were badly burned. Mrs. Walter O. Boswell, a relative, and her two children, escaped, as did Warren Pershing, five years old, and three servants. The dead children are Helen, 8; Anne, 7, and Margaret, 6. Mrs. Pershing was a daughter of Senator Warren of Wyoming. Her husband, commanding the Eight brigade, United States infantry, is at El Paso, Tex., in charge of the border troops. The board of inquiry appointed by the commandant of the Presidio found that two great fires had been burning in the house during the night. A hole was found burned in the ceiling of the dining room, which was taken to indicate that live coals may have fallen from the grate on the second floor and started the blaze. Mrs. Pershing's body was found on the floor of the hall, near the door of her children's bed chamber. Her arms were around the three, and she had apparently tried to drag them and herself down the hallway.

Count von Bernstorff, the German ambassador, acting on instructions from Berlin, notified Secretary Lansing yesterday that "full satisfaction" would be given to the United States for the sinking of the White Star liner Arabic. The ambassador explained that Germany would make more than a mere disavowal, if it is found the Arabic was sunk without warning. Count von Bernstorff called at the state department early and conferred with Secretary Lansing nearly half an hour. It had been suggested that perhaps Germany was also ready to make reparation for the Americans lost on the Lusitania, but that subject did not come up at the conference. The ambassador did not make public the extent of his instructions from Berlin on which he acted, but it was understood they coincided entirely with the statement of the German chancellor in Associated Press dispatches from Berlin, expressing the willingness of the German government to make fullest reparation if it is shown finally that the Arabic was torpedoed without warning.

Reports from the South Wales coal fields yesterday afternoon state that 25,000 miners already have joined the new strike. The recurrence of labor trouble is due to growing dissatisfaction with the award of Walter Runciman, president of the board of trade, who acted as arbitrator in the recent strike. The situation was strained further when the colliers learned that Mr. Runciman had declined to see a delegation representing them. The miners charge Mr. Runciman with going behind the arrangement made by David Lloyd-George and demand that Mr. Lloyd-George make good his promises to them. The mine owners' federation sent an urgent request to the strikers yesterday to return to work at once. The executive council of the miners' organization adopted a resolution condemning the new strike as unauthorized and urging the men to remain at work pending further negotiations. A delegation representing the council is on its way to London in an attempt to overcome Mr. Runciman's objection to re-opening the matter.

The United States for the first time in its history now leads the world as an exporter. Figures made public by the bureau of foreign and domestic commerce show that American exports in the fiscal year ended June 30, last, totaled \$2,768,600,000, compared with \$2,170,100,000 for the United Kingdom, the next largest exporter. This was an increase of seventeen per cent in the case of the United States when compared with last year, and a decrease of thirty per cent for the United Kingdom. American exports included domestic products valued at \$2,716,200,000, against \$2,239,700,000 in 1914; and foreign products, \$52,400,000, against \$34,900,000 in the preceding year. British exports included British and Irish produce, \$1,744,100,000, against \$2,557,200,000 in 1914; and foreign and colonial produce \$426,000,000 compared with \$526,500,000 in 1914.

A dispatch of yesterday from Paris says that sixty-two French aviators on August 23 flew over a German arms factory to the north of Saarbrücken, throwing down a total of more than 150 shells. Thirty of these were of large caliber. Announcement of the aerial raid is made in the statement given out by the war office this afternoon. The statement reads: On August 25 an aerial squadron composed of four groups and including a total of sixty-two aviators flew over the heights of Dillingen. Here there is a factory where shells and armor plate are made. The location of this plant is to the north of Saarbrücken, in Rhenish Prussia, thirty miles southeast of Treves. The aviators threw down with precision over 150 bombs, thirty of which were of large caliber.

Secretary Lansing said Wednesday that the treaty the United States has submitted to Haiti, proposing ten years' American control of the island government, had for its sole purpose the establishment of a stable government which could be entirely turned over to the Haitians themselves.

The American charge at Port au Prince has asked the Haitian government for an answer to the American proposals quickly. Secretary Lansing confirmed the outline of the plan as it was stated in yesterday's news dispatches from Port au Prince. The United States government has no purpose of aggression, and is entirely disinterested in promoting this protectorate. We have not even asked for Mole St. Nicholas.

A semi-official dispatch from Berlin by way of Amsterdam repudiates Russian claims of great German losses in the naval battle in the Gulf of Riga. The dispatch asserts that no dreadnaughts or cruisers were sunk or damaged. The telegram, which declares Petrograd reports absolutely untrue, repeats the official statement issued by the admiralty staff on August 21, which said one small German warship was sunk and two others put out of commission, while two Russian gunboats were destroyed. It also is denied that Germany attempted to land troops near Peru.

The Russians apparently have decided to evacuate Grodno, the one important stronghold on their principal line of defense which they still retain. A message from Petrograd quotes the Russian Invalid as stating that Grodno will be given up when the retreat of the defenders has been covered. The message indicates that the fall of Brest-Litovsk, announced in Berlin Thursday, was not known publicly in Petrograd at one o'clock yesterday afternoon, the time of the filing of the message.

The first official test of the nickel batteries designed by Thomas A. Edison for use in submarines in an effort to eliminate the generation of chlorine gas, was made Thursday at the Brooklyn navy yard. At the conclusion of the test made on submarine K-6, Lieut. J. E. Bailey, in charge, said he was "much pleased" with the batteries. Within a few days the submarine will be submerged for several hours as an additional test of the batteries.

Yesterday's baseball results—National League: Boston 9, Chicago 4 (first game); Chicago 4, Boston 1 (second game); Philadelphia 4, Cincinnati 2; New York 2, Pittsburgh 1; St. Louis 11, Brooklyn 7; American League: Chicago 3, Philadelphia 2; Cleveland 4; Boston 5; Detroit 8; New York 3 (second game); Washington 3; St. Louis 1. Federal League: Pittsburgh 2; Chicago 2.

Fourteen persons met death near Cape San Antonio, Cuba, and the powerful wireless station there was badly damaged and made unfit for immediate use, by the recent tropical hurricane. Capt. H. O. Borden of the schooner Caroline Vougar brought that news on his arrival at Tampa. It was necessary to beach the small fruit schooner Roncador. The crew was saved.

A Copenhagen dispatch of Thursday says: The American flag was hoisted today by the American consul general, Edward D. Winslow, on three steamers formerly of Danish registry, which have been purchased by the American Transatlantic Company. The ships have been renamed Genesee, Maumee and Winneconne.

Haiti's parliament has been given until September 17 to act upon the proposed treaty by which the United States would extend financial control over the unstable little republic for ten years. In the meantime the American marines will continue to occupy the principal cities of the island to prevent a recurrence of anarchy.

The Austrian minister of the interior, says reports from Vienna, has announced there were 1,566 cases of Asiatic cholera in Austria August 19.

Winner—Ch. c. by Rock Sand—Ferment (trained by S. C. Hildreth). Went to post at 3:39. At post 3 minutes. Start good and slow. Won driving; second and third the same. FERNROCK raced in close pursuit of the leader and, displaying great gameness in the final drive, was up to win in the closing strides. STARTLING set the pace while under pressure all the way and drew away when entering the homestretch, but tired finally. ROCHESTER disposed of BLUME in the home-stretch and finished resolutely. BLUME was hard ridden throughout and quit in the final eighth.

Scratched—(22019) Sir Vivian, 116; (22528) Hidden Star, 119.

Winner—Ch. c. by Florence—May Florence (trained by T. J. Henley). Went to post at 4:33. At post 2 minutes. Start good and slow. Won easily; second and third driving. BORG raced under stout restraint throughout and, taking the lead on the backstretch, drew away at his rider's will and won in a canter. ROBINETTA closed a big gap on the backstretch and outgamed ALHENA for second place. The latter had a rough race and bumped his way through after entering the homestretch, but tired near the finish. DARTWORTH quit as it short after running a good three-quarters. G. M. MILLER was under a drive all the way. The winner was entered for \$700; no bid.
